Installing and activating your plugin

Installation and activation · https://utopique.net/docs/installing-and-activating-a-plugin/

1. Download the Plugin

After purchasing the plugin through **utopique.net**, you will be sent **2** emails.

The first will provide you with a link to download the plugin, along with your license key. Keep that one safe!

The second will provide an invoice for your purchase. You can also download it as a PDF invoice for your records right from the email by clicking the link entitled "Your PDF Invoice".

2. Upload the Plugin to WordPress

Now that you've downloaded the premium plugin zip file, you are ready to upload it to your website.

1. Navigate to your WordPress admin area.
2. Click **Plugins > Add New**.
3. Then click **Upload Plugin**.
4. Click **Choose File** and select the zip you downloaded from the email.
5. Click **Install Now**.
6. Once installed, click **Activate**.

3. Activate the Plugin with your Licence Key

After activating the plugin, you will be redirected to a license activation screen for the plugin.

Simply enter the key provided in your email and click Agree & Activate License. Your plugin will now be activated and you're ready to begin setting it up.
